

REAL ESTATE

The Safest Investment in the World —if You Deal with a Reliable Firm

EXPERTS have generally agreed that there is no investment in the world safer than real estate.

It is tangible security. It cannot be stolen. It is there just as long as the world is there. It is the basis of all wealth.

But---

Like every investment in the world, its safety must be guaranteed by reliability. It is safe only if you deal with a reliable firm.

The best guaranty of safety you have in the buying of real estate is the integrity of the firm with which you deal.

NO man who has invested his money wisely in real estate and transacted his business through a concern of unquestioned reputation has ever regretted it.

The real estate firms listed below are all organizations of the highest standing and well-known reputation. They are among the best. In dealing with them you have the benefit of their long years of experience and their specialized knowledge of property values.

Their names are a guaranty of dollar-for-dollar value, of the fulfillment of all promises and the faithful carrying out of all contracts.

You cannot find a better or safer investment for your dollars than real estate. And you cannot intrust your real estate investments to more reliable and representative concerns.
